

Graduation

I just wanted to message and update you all and to thank everyone who has made my dream a reality. In December I graduated with a Bachelors degree in Health and Physical Education and Recreation in Sport and a minor in coaching. Without all your help, I wouldn't have been able to do this. The last four and a half years in America has been life changing. Thank you for all your help, myself and my family really appreciate it.

I'm now back at home and teaching physical education in a primary school. In the near future I hope to do my Master's degree in America while working as an assistant coach for two years. Right now, I'm in the process of saving to hopefully go back out there in August.

Thank you so much once again.

Chelsie
